Zum Konzept

Das *VocabExtra* zu *The New Best Shots* dient der **Festigung und Vertiefung der Key Vocabulary-Einheiten** im Buch, die das relevante Vokabular der einzelnen Units (1–12) thematisch strukturiert zusammenfassen:

- **Deutsche Übersetzung** zu sämtlichen Vokabeln / Phrases
- Durchgehend mit **englischen Beispielsätzen** unterstützt
- **Lernvokabular** zu den verschiedenen Themenbereichen der einzelnen Units
- Gezielte **Erweiterung und Festigung des Basiswortschatzes**

Das Hauptaugenmerk liegt dabei viel mehr auf der Festigung von notwendigen sprachlichen Strukturen – **phrases, collocations** – als auf der Vermittlung von einzelnen, aus dem Kontext genommenen Wörtern. Während die *Vocabulary Reference* im Anhang des Buches – mit farbig hinterlegtem Lernvokabular – als reines Nachschlageinstrument zu den Texten und Übungen der einzelnen Units konzipiert ist, macht das *VocabExtra*, ergänzend zu *LanguageBoxes*, *VocabBoosters* und Vokabelarbeit im Buch die Lernenden fit für den **aktiven Umgang mit dem englischen Wortschatz**.
